Coffee Breaks

provided thought-provoking insights to KT attorneys, professional staff, and clients on the following topics:

¹ United Way of Greater Atlanta, the largest United Way in the nation, engages and brings together people and resources to drive sustainable and equitable improvements in the well-being of children, families, and individuals in the community. We have improved the lives of 82,000 children, but together, we can do more. The organization unites with more than 200 programs in 13 counties through the Child Well-Being Mission Fund to create an equitable future for all.

² The KTS Employee Financial Support Fund was established in 2020 to support Kilpatrick Townsend & Stockton LLP employees who experience unexpected financial hardship. The fund is an independent 501(c)(3) nonprofit organization, wholly funded by donations from Kilpatrick Townsend attorneys and professional staff. Grant decisions are made by an independent grant committee.
