# Legal Strategies to Counter Fracking Bans

*Texas Lawyer*

January 7, 2015

Written by **Barclay R. Nicholson**

---

Fracking is again in the headlines, as some allege that the gas removal process is linked to the significant uptick of earthquakes in Texas. This, along with the numerous fracking bans recently enacted in Texas and around the world, has caused proponents of what is formally referred to as hydraulic fracturing to look for ways to effectively counter the regulatory roadblocks.
