JULY 15, 2019

On June 25, **Georgia Appleseed** recognized KT Senior Litigation Attorney **Nicole Medrozo** as its "Volunteer of the Year" at its annual *Spellbound for Justice* event. Nicole won the award for her legal research, updating Georgia Appleseed's "Student Tribunals: Assessment of School Discipline in Georgia" report used by pro bono attorneys in their representation of foster care children facing long-term suspensions or expulsions.

In its tribunal, Georgia Appleseed advocates for local school systems to reduce exclusionary discipline and increase the use of evidence-based practices to enable all students to succeed in school. As a result of her work, Nicole has now begun to represent foster care children in disciplinary tribunals.
