Software Development Agreement Checklist (Pro-Developer)

LexisNexis | Practical Guidance

MAY 25, 2023 Written by Sonia Baldia

A Practical Guidance® Practice Note by Sonia Baldia, Kilpatrick Townsend & Stockton LLP.

A software development agreement is a contract for the design, development, testing, installation, and implementation of custom software, or maintenance or modification of currently existing software. This checklist highlights key issues, from the developer's perspective, in drafting and negotiating a software development agreement.
