International Comparative Legal Guide - Technology Sourcing 2025

ICLG

OCTOBER 23, 2025 Written by Sonia Baldia

ICLG's Technology Sourcing Laws and Regulations - USA Chapter by Kilpatrick's **Sonia Baldia** covers common issues in technology sourcing, including issues relating to procurement processes, dispute resolution procedures, intellectual property rights, data protection and employment law.

Read the full chapter online here.

Sonia Baldia brings business and technology savvy to her global practice, which encompasses U.S. and international commercial, transactional, and intellectual property (IP) expertise across multiple industries including life sciences, banking and finance, healthcare, energy, information technology (IT), manufacturing, and software. She advises on a wide array of sourcing, technology, manufacturing, and other commercial transactions and helps companies navigate legal issues raised by cloud-based services, data, generative-AI and other emerging technologies, and digital transformation, both from buyer and provider sides. Sonia also routinely advises clients on IP strategy, management, and monetization arrangements, leveraging her technology background and registered patent attorney credentials.
