Vanessa Bell Joins Kilpatrick Townsend's Walnut Creek Office

July 19, 2018

WALNUT CREEK (July 19) – Kilpatrick Townsend & Stockton announced today the addition of Vanessa Bell to the firm's Walnut Creek office. She joins as an associate on the Electrical Engineering and Software Team in the firm's internationally acclaimed Intellectual Property Department.

Ms. Bell brings significant experience in patent strategy and prosecution involving computer hardware and software, including technologies such as cloud computing, wearable devices, machine learning, magnetic storage systems and computer security. Prior to joining the firm, Ms. Bell was a patent attorney at an IP boutique firm in San Jose.

Ms. Bell earned her J.D. from The University of Southern California Gould School of Law where she served as the Production Editor of the *Southern California Interdisciplinary Law Journal*. She received her M.S. in Physics from San Francisco State University and her B.S. in Physics (Astrophysics) from the University of California, Santa Cruz.
