Managing Intellectual Property Names Kilpatrick Townsend Americas IP Firm of the Year

April 8, 2022

Firm Garners Fourth U.S. Trademark Prosecution Firm of the Year Award

ATLANTA (April 8, 2022) -- Kilpatrick Townsend & Stockton announced today that *Managing Intellectual Property (Managing IP)* named the firm **Americas IP Firm of the Year** at the 17th annual Managing IP Awards, held in New York on April 7. The firm was also recognized as the **U.S. Trademark Prosecution Firm of the Year** for the fourth time, and the **Patent Contentious Firm of the Year for the South** region.

The annual *Managing IP* Awards are presented to firms, individuals, and companies behind the most innovative and challenging IP work of the past year, as well as those driving the international IP market.

"It is truly an honor to receive this prestigious recognition," said **Wab Kadaba**, Chair of the firm's Intellectual Property Department. "We are fortunate to have an amazing team of talented, hardworking, passionate attorneys who are dedicated to delivering exceptional service to our clients."

The *Managing IP* Awards program is the most comprehensive and widely respected IP awards event in the world. It covers a wide range of IP practice areas and more than 30 jurisdictions. Research analysts obtain information from thousands of firms, IP practitioners and their clients through interviews, email and online surveys.

Before compiling the shortlists, *Managing IP* researchers evaluate the work data supplied by firms and, where applicable, review publicly available information such as court and IP office records. They focus on work done or concluded in the previous year, particularly looking for case studies that were of great significance to clients or IP law and practice. Firms or individuals can also be shortlisted based on the researcher's independent research findings.

Managing IP launched its awards program in 2006. The ceremony attracts hundreds of guests and is regarded as the premier IP law firm awards event in the legal industry.
