# Leveraging Company Resources to Provide Real-World Training to Metro Atlanta Youth

*Saporta Report*

**AUGUST 7, 2023** Written by R. Charles Henn Jr.

The heartbreaking statistics concerning our youth led me to become deeply involved in the work and mission of Boys & Girls Clubs of Metro Atlanta nearly a decade ago. BGCMA works every day to improve the lives of thousands of young people across the entire Metro Atlanta area, from Canton to McDonough and from Douglasville and Newnan out to Conyers and Lawrenceville. The professionals at each of BGCMA's 25 Clubs ignite the unlimited potential of kids and teens in a safe, inclusive, and engaging environment, through programming focused on three pillars: academic success, healthy lifestyles, and character & leadership.
