Tips for Managing E-Discovery in a Large, Complex Litigation - Part One: Identification and Preservation of Data

February 1, 2019

Written by **Katie King** and **Virginia Duke Ring**

This blog is part one of several regarding how to effectively and efficiently manage electronic discovery in large, complex litigation. It is in these types of matters that special attention to electronic discovery is crucial to the client's overall success. We begin here with the earliest stages: data identification and preservation.
