Kilpatrick Attorneys Garner Esteemed Recognition as 2024 IAM Global Leaders

NOVEMBER 17, 2023

ATLANTA (November 17) – **Kilpatrick** announced that once again firm attorneys gained recognition on the 2024 *IAM Global Leaders* list.

Following an exhaustive research process consisting of compiling hundreds of written submissions, face-to-face and phone interviews, and detailed correspondence with patent lawyers, attorneys, and their clients, only candidates ranked in the gold tier of the *IAM Patent 1000* who merit special mention are named to the *IAM Global Leaders* list. These lawyers consistently demonstrate a track record of expertise in patent law and showcase a distinctive talent for innovation and inspiration.

The following Kilpatrick attorneys were recognized on the 2024 *IAM Global Leaders* list:

Darin Gibby is a partner in the firm's Denver office. With over 25 years of experience, he focuses his practice on intellectual property counseling, transactions, and licensing matters as well as patent prosecution.

Mitch Stockwell is a partner at the firm's Atlanta office. He focuses his practice on intellectual property dispute resolution, with particular emphasis on patent infringement, trade secret and related intellectual property litigation and licensing transactions.

Wab Kadaba is a partner and Chair of the firm's Intellectual Property Department. He concentrates his practice on litigation related to intellectual property as well as strategy and management of intellectual property and technology issues.

Roger Wylie is Kilpatrick's Managing Partner. He focuses his practice on patent prosecution and counseling, and advises start-up and established corporations, venture investors and other intellectual property stakeholders regarding all aspects of patent prosecution and acquisition, counseling, licensing, and litigation.

Andrew Serafini is a partner at the firm's Seattle office. His practice specializes in strategic and comprehensive intellectual property counseling and management for biotechnology, biopharmaceutical, and other life sciences clients.

Intellectual Asset Management (IAM) was launched in July 2003 to address the need for organizations to maximize the value of their IP and other intangibles, and to examine the strategies they can put in place to do this. IAM is unique because it treats IP as a business asset and tool rather than simply as a legal right. Learn more about IAM,
