Brad Loos Appointed to the Board of the Fremont Union High Schools Foundation

JANUARY 24, 2017

MENLO PARK (January 24) – **Kilpatrick Townsend & Stockton** announced today that patent agent **Brad Loos** was recently appointed to the **Board of Directors of the Fremont Union High Schools Foundation**.

The Fremont Union High Schools Foundation is a non-profit organization that assists with the creation and implementation of fund development and marketing opportunities within a community of over 17,000 parents across five high schools including Cupertino, Fremont, Homestead, Lynbrook and Monta Vista. For more information, please visit: http://fuhsfoundation.org/.

Mr. Loos concentrates his practice on patenting medical device, mechanical, and life science inventions. This includes the preparation and prosecution of U.S. patent applications as well as coordinating prosecution in foreign jurisdictions. Mr. Loos is also the sole inventor on patents relating to oenology equipment and fermentation technology. He holds a California Teaching Credential in the Life Sciences and taught biology for several years at both the high school and university levels.
