KILPATRICK TOWNSEND

3 KEY TAKEAWAYS

Ethics Issues in Patent Prosecution

Kilpatrick Townsend partner Charles Gray recently co-presented on the topic of "Ethics Issues in Patent Prosecution" at the firm's annual three-day "Ski-LE" in Colorado.

Three key takeaways from the discussion concerning "Ethics Issues in Patent Prosecution" include:

1. Foreign filing license requirements vary from country to country;
2. A number of jurisdictions have potential criminal and civil liability associated with foreign filing license requirements; and
3. It is important to remember the ethical considerations related for foreign filing license requirements.
