Kilpatrick Townsend Ranks Again as Top U.S. Trademark Practice

February 6, 2018

ATLANTA (February 6) –The *Managing Intellectual Property (Managing IP) IP STARS* annual survey recently ranked **Kilpatrick Townsend & Stockton** as **Tier One** in both **Trademark Prosecution** and **Trademark Contentious** — one of only three U.S. firms to receive top rankings in both trademark categories. *Managing IP* named Kilpatrick Townsend as the “Trademark Firm of the Year” for Contentious work in 2017 and for Prosecution work in 2016.

IP STARS is *Managing IP*’s specialist guide on leading IP firms and practitioners worldwide and is the longest running analysis in the market. The guide reviews the world’s foremost trademark firms for prosecution and contentious work in more than 70 jurisdictions, and bases its selections solely on merit and peer/client recommendations. *Managing IP* does not endorse or recommend any particular firm, and firms cannot vote for their own inclusion, solicit votes from associates, or pay to be included in the rankings.

Managing IP’s recognition for a fifth consecutive year is consistent with every other top-level national ranking for Kilpatrick Townsend’s 100-lawyer Trademark Team, including:

- *Legal 500*: Tier 1 for Trademark Litigation and Trademark Non-Contentious
- *Chambers USA*: Tier 1 for Trademark Contentious and Trademark Prosecution
- *World Trademark Review*: U.S. Gold Level (top tier)
- *U.S. News - Best Lawyers*® 2018 “Best Law Firms”: Tier 1
- *Best Lawyers in America*® : #1 for trademark attorneys listed
